**WARNING:** Do not try to lift or flip furniture with only one person. Furniture pieces may be heavy and awkward to handle, and may result in injury to persons or damage to property if not lifted properly.

**WARNING:** Do not sit on or put your full weight onto the table. Serious injury could result.

### Parts List

---

1-Table Top	6 -1" Bolt
1-Base Rim	12 - ¼" Flat Washers
4-Base Legs	6 - 1 ¼" Bolt
2-Base Rim Support	

### Tools Required

---

7/16" Socket Driver or  
Wrench

Safety Glasses

### Step 1

Loosely attach Base Rim Supports to the center of Brace Rim using 1 1/4" bolts and flat washers (1 bolt and washer per Support).  
Loosely attach 4 Base Legs to the Brace Rim using 1 1/4" bolts and flat washers at each corner (1 bolt and washer per leg).

### Step 2

Prepare a smooth, non-scratch work surface (shipping container, a tarp or pool towels can be used). With two persons, place the Table Top upside down on the prepared work surface. With two persons, gently place the Base upside down onto the Top.

Center the Base on the underside of the Top; sight down through the umbrella support ring in the Base and align it to the Top.

- Tops: Align the Base to the corners of the Top.

### Step 3

Loosely attach the Base to the Top fitting the assembly bracket with the supplied 1" bolt and flat washer (finger tighten only).

Repeat this process until all four brackets are in place loosely.

### Step 4

Once all brackets are fitted and finger tightened, Fully tighten all bolts using 7/16 wrench.

\*\*Over-tightening bolts may cause damage.

Check that all the bolts are firmly tightened at all places to retain the Legs to the Top and Rim before placing table upright.

**\*\*\*With a min of 3 persons, lift the table upright.**
