## CABANA CEILING FAN BRACKET INSTALLATION ALUMINUM FRAME MODELS

Thank you for selecting Tropitone® Basta Sole® Cabana Accessories for your shade needs.

**WARNING:** Do not try to lift or move Cabanas with only one person. Components may be heavy and awkward to handle, and may result in injury to persons or damage to property if not lifted properly. Safety Glasses must be worn when drilling holes in frame components.

**CAUTION:** When instructed to fully tighten screws, do not over tighten and strip the threads.

- ✓ Read through all steps before starting assembly.
- ✓ Completely unpack all boxes and thoroughly check for items that may be individually wrapped.

**WARNING:** Please consult a Qualified Electrician when installing and/or wiring electrical components.

### Tools needed:

- (1) 1/8” Hex Key
- Safety Glasses

### Parts List:

- (1) Ceiling Fan Mounting Bracket

### Not Included:

Ceiling Fan

**WARNING:** Maximum Weight and Size:

**Maximum Fan Weight – 40 Pounds**

**Maximum Fan Size – 48”**

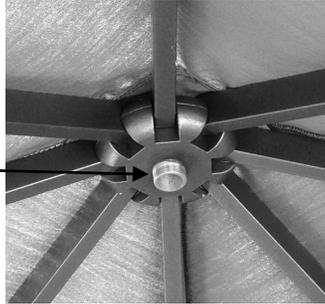

### Step 1

---

Once your Cabana has been completely assembled, remove the Lower Decorative Finial, located inside the the top center of your Cabana, to expose the threaded mount.

Lower Decorative Finial → 

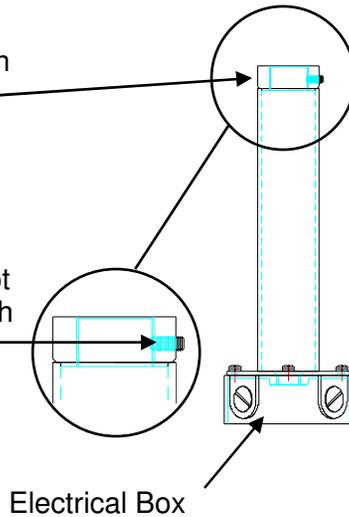

### Step 2

---

Install your Ceiling Fan Mounting Bracket by threading the tube end with the set screw (end opposite the electrical box) onto the threaded mount. Fully tighten the Mounting Bracket onto the lower hub of the top frame.

**Note:** Be sure that the set screw is not threaded in far enough to interfere with the threads on the lower hub.

Fully tighten the set screw located at the top of the Ceiling Fan Mounting Bracket using a 1/8" Hex Key.

### Step 3

---

Your Ceiling Fan is now ready to be installed. For instruction on installing your Ceiling Fan, please refer to your Ceiling Fan Assembly Instructions.

**Warning:** Please consult a Qualified Electrician when installing and/or wiring electrical components.

**Maximum Fan Weight – 40 Pounds**

**Maximum Fan Size – 48"**

### Periodic Maintenance

---

Periodic maintenance is needed to insure safety and proper operation over the life of the Cabana.

- ✓ Double-check that all the fasteners are fully tightened, but do not over tighten and strip the threads.
- ✓ Repair any corrosion promptly to minimize damage to finish. (see Care and Maintenance guide)
