# Using the Umbrella Dolly

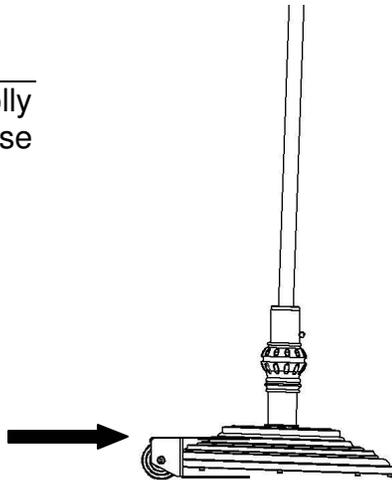

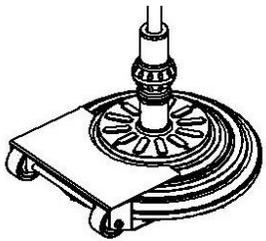

## Step 1

Place the Umbrella Dolly flat on ground with the open end facing the umbrella base. Lift the umbrella base by pushing the pole away from yourself.

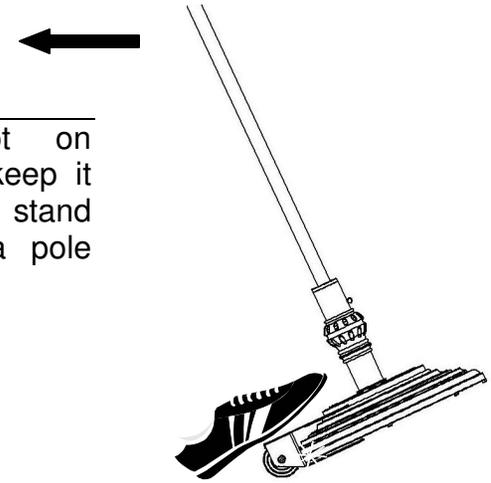

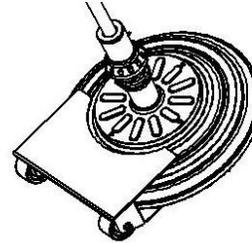

## Step 2

Move the Umbrella Dolly under the umbrella base until fully inserted.

## Step 3

Center your foot on Umbrella Dolly to keep it stable. Lift umbrella stand by pulling umbrella pole towards you.

## Step 4

With two hands, roll the umbrella to the desired location by pushing and steering with the umbrella pole. The Umbrella Dolly should only be pushed away from yourself in a forward direction.
